Dear Mr Weisberg,

I should be very interested in receiving your latest book "Whitewash IV"

I am fascinated by these books. It is very interesting to see that you and President Ford were one of those on the Warren Commission.

Looking forward to your latest (OVER) Mrs. M. Werbin

Is there some reason why more has not been written on Officer Lyght? What was the reason he was killed? What has become of Marina Rinaldi? Is there some way of getting hold of a copy of "Imagine My Grief"? To my knowledge it is not available in Canada. Has Penn Jones written any books lately?

Thank you again.
